

### THE BEGINNING OF A LEGACY

1993 – ILEX was born out of a compelling passion for leather craft. One of the select British brands for luxury leather bags and accessories, each individual product here is the result of fine craftsmanship, attention to detail, and an eye for the beauty and sophistication of natural leather.

Created using handpicked and ethically sourced calf leathers – the styles reflect the brand's essence of elegance and streamlined simplicity featuring trendsetting fashions of the season.

The click of her heel echoes through the office boardroom.

Her laughter brightens the day, as she shares a gossip over tea and cupcakes.

You can find her on a park bench, dreaming away amidst nature.

You can spot her at her glamorous best on an evening in Broadway.

The llex lady is an enigma, but a beautiful one. She is fashionable, sophisticated, young at heart and a true dreamer. She is a woman of substance – who is not afraid to be herself. She takes pride in her personality, as much as in her appearance.

The llex lady has style, class and charming subtleties. She's the one who catches the eye, and heart.
